A hand holding a handgun is pointing towards a window. A speech bubble originates from the hand. The window shows a reflection of the hand and the gun. The sound effect 'WHISH' is written near the window.

SHE WON'T
HAVE ONE
OF THESE..!

WHISH

A handgun is shown on a surface. Two speech bubbles are present. The background shows a window and a wall.

A black and white comic panel showing a person with dark hair sleeping on a bed. The person is lying on their side, facing away from the viewer. They are wearing a light-colored, short-sleeved shirt. The bed has a patterned blanket. In the background, there are two windows with dark frames. The room is dimly lit, suggesting nighttime. A speech bubble is positioned to the left of the person's head.
